

## Procedure for getting access to the LKS Cryo-EM laboratory during soft launch

### *For HKU users only*

**Step 1:** Project discussion with Cryo-EM lab staff. Make an appointment by sending email to [cryoem.cpos@hku.hk](mailto:cryoem.cpos@hku.hk).

**Step 2:** Submit the “The LKS Cryo-EM Laboratory Safety Information of Sample form” to: [cryoem.cpos@hku.hk](mailto:cryoem.cpos@hku.hk).

**Step 3:** Set up the iLab account at <https://cpos.hku.hk/ilab/>

#### **Step 4a:**

- **For Vitrobot, Leica GP2 and 120kV Talos users,** Please submit the “The LKS Cryo-EM Laboratory Training Application Form” to: [cryoem.cpos@hku.hk](mailto:cryoem.cpos@hku.hk). And get the according training before booking.

#### **Step 4b:**

- **For 200kV and 300kV users,** Basic software operation on grid screening will be incorporated into the first and second booking sessions. Users can submit EPU training application after five booking sessions.
- Before booking, please set up Cryo-EM cluster account by sending email to [ithelp.cpos@hku.hk](mailto:ithelp.cpos@hku.hk)

#### **Step 4c:**

**For Aquilos 2 users,** the training plan will be updated soon.

#### **Step 5:** Book and use

Email to [cryoem.cpos@hku.hk](mailto:cryoem.cpos@hku.hk) for equipment booking during the soft launch.
